

Boost your bottom line with customized solutions to maximize your ROI

Who we are

Optimize your capital, boost earnings and reduce volatility with our turn-key and custom debt solutions.

Industry leading lenders have been partnering with us in the acquisition and servicing of performing, insolvent and distressed receivables since 2008. Canaccede is the largest multi-asset acquirer in Canada and a leader in this industry.

We are able to offer our clients solutions they want. Our CFG Managed Services offers industry-leading debt servicing solutions. And with our CFG Accelerator Suite, we can also purchase the debt and process and monetize the accounts. Our services are tailored to meet your needs.

- We are the only fully-integrated debt service and purchasing provider in Canada.
- We do not outsource administration.
- We have a vested interest in optimizing the value from accounts.
- We protect the value of your brand.

Boosting your bottom line with customized solutions to maximize the value of your receivables.

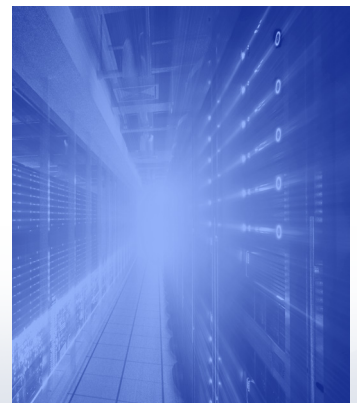

CFG possesses deep expertise in both valuing and operating alternative assets. This combined capability allows us to blend the economics of opportunities and price assets as a strategic acquirer as opposed to solely transactional buyer.

CFG Stream

CFG Stream is a process and technology platform that facilitates the management of receivables.

- Comprehensive servicing solution platform for insolvent assets, credit counselling assets, and other selected distressed consumer asset categories
- Increases recoveries and removes friction from payment and transaction process
- Technology platform built on a scalable and expandable system able to quickly develop functionality based on your needs

Our solutions

CFG is able to customize the delivery of business process solutions across the customer lifecycle. We offer what the competition does not.

Managed Services

Servicing solutions for operational risk management

We provide industry-leading debt servicing solutions for insolvency, credit counselling and legal consumer debt in Canada. We work with our partners to share insights and best practices to ensure that we uphold their brand reputation.

Our core servicing offer includes insolvency services, voting on proposals, sending proof of claims, ongoing communications with trustees and processing payments.

Accelerator Suite

Fully integrated debt servicing and purchasing, with custom non-performing debt, insolvency, credit counselling and legal recovery solutions

Our purchasing and servicing products are specifically designed to help organizations de-leverage and de-risk liquidity challenges at times of market upheaval.

CFG possesses deep expertise in both valuing and operating alternative assets. This combined capability allows us to blend the economics of opportunities and price assets as a strategic acquirer as opposed to a solely transactional buyer.

Impacting your bottom line

Finance

The elimination of internal processing, monitoring, and management of receipts can reduce vendor costs. You can improve your capital and operational expenses.

Operations

We manage fluctuating debt volumes without impacting your costs. We manage the day-to-day operational requirements and reporting achieving economies of scale through centralization.

Technology

Our solutions offer flexibility and scale to meet fluctuating debt volumes. We identify integration points for efficient data transfer and we ensure all security, privacy and data integrity standards are properly prioritized and managed.

The CFG competitive advantage

Capacity

Improving and growing your capital position is our core priority. Purchasing and managing institutional debt recovery increases your capacity to leverage and maximize resources that ultimately improves your bottom line.

Solutions

We are driven to plan and build innovative custom debt solutions that solve your needs and challenges. Our established and collective expertise as industry leaders gives us a unique position to forecast, understand and react to market needs.

Insight

Our unique access to critical and relevant data points is leveraged for you in our streamlined industry reports. Key insights, baseline metrics and best practices are essential to unearthing customer demand opportunities.

Risk

We minimize the risk and expense of processing insolvency recovery volumes for both serviced debt and forward flow sales.

Business and industry leaders partner directly with us for innovative turn-key and custom debt solutions because we understand your needs and challenges better than anyone else. Close collaboration with our partners is a pillar of our success.

The Canaccede Difference - we are a trusted partner. Our goal is to build long-term partnerships that strengthen your bottom line and protects your brand and customers. And we have three distinct advantages which help delivery against that goal:

Our Products and Services

Canaccede has been a leader in the receivables management and insolvency industries in Canada for over 10 years. Our focus has always been on delivering market solutions that maximize customer benefits while minimizing operating expenses. We are unique in this industry as we both service and purchase your assets and this flexibility ensures that we can create solutions that meet your needs. Canaccede directly manages assets across multiple product classes and we are the preferred partners for financial institutions facing complex challenges requiring creative solutions. We work with a broad range of unsecured and secured consumer receivables, including distressed, insolvency, performing accounts and credit counselling portfolios.

Our Proprietary Technology

Canaccede has developed an advanced SaaS based receivables management platform and technology that is customizable to your specific preferences. Our data experts use multiple proprietary models to maximize collections and minimize expenses. The technology is deployed directly into your operational

sites and provides solutions that are specific to your organization. This platform enables real time monitoring and reporting on financial and activity trends that can be tailored based on custom requirements.

Our People

Customer experience is at the heart of everything we do. Keeping the customer experience at the center of all we do leads to better outcomes for everyone. We strive to guide and support our customers to settle their debt obligations easily and affordably. Providing flexible payback solutions that work, helping them improve their credit and gain confidence in themselves and their future financial opportunity. We have helped hundreds of thousands of Canadians manage their debt.

As an industry leader, we provide scale and expertise and are among the most efficient legal purchasers and servicers in Canada. In less than eight years, Canaccede has invested hundreds of millions of dollars to acquire receivables and is one of the largest consumer finance investment firms in the Canadian marketplace.

Meet our experts

Our expert valuation team can work with you to size the debt recovery potential for your organization. If you would like to find out more, please contact Bryan or Mark at:
